Description

The WS4 has an attractive and stylish appearance for any visible application. The printer has the expected SATO robustness, a high media capacity for industrial environments and excellent print quality. Performance is delivered at a competitive price.

Designed with needs of the logistics, healthcare, retail and manufacturing workplace in mind, the printer has a very flexible media capability and ensures low cost of ownership using the large capacity 300 metre length ribbons.

Ideal for mid-volume applications where reliability and adaptability are key considerations, the new printer options include a dispenser, cutter and large media roll offwinder. The WS4 is equipped with emulations of widely-used printer languages and a selection of wired and wireless interface options for comprehensive connectivity.
