Description

Lightweight with a low profile base and secure patented iPad mount

The iPad cart is a secure platform on wheels that will present an iPad tablet in all positions.

The unique base design allows it to fit under beds and cots. When not in use, the bases nestle together for storage.

Secure iPad Mount

Patented design prevents the iPad from being removed

Easy to Clean

A smooth wipe clean finish to each surface designed with infection control firmly in mind

Any Position

iPad can be positioned in all positions

Space Saving

Carts can be nestled for space-saving storage

Low Profile Base

Designed to fit under the bed/cot

No Quibble Warranty

10 years on-site warranty cover in the UK as standard
