Description

M3 SKY series is a slim and light but rugged PDA with optional RFID reader. It can be used for ticketing and/or asset management wherever the mobile device is needed.

M3 SKY is suitable to use in a tough environment; withstands drops from 1.5m and protects against dust and water.

The MIL-STD-810F certification demonstrates the ruggedness of the M3 SKY and its appropriateness for use on extreme conditions such as military operations, field service and warehouse management.

Multi functional keys of QWERTY keypad are designed for versatile performance. As hot keys, these are going to make the direct access be possible and increase users' working speed.

Terminal Emulation: Wavelink, Softogo, Naurtech

Mobile Management: Wavelink, Soti
